

FLC Center for Municipal Research & Innovation 6th Annual Summer Research Symposium

Medical Marijuana and Your City:

Facts, Fiction and Moving Forward

Wednesday, August 16, 2017 | 8:30 a.m. - 1:00 p.m. | Orlando World Center Marriott

In 2016, Florida's voters approved a Constitutional amendment legalizing the production, distribution and use of medical marijuana. The implementation of this amendment will require legislation, administrative rule and the development of complex processes for growers, doctors and patients – and dealing with myths and misinformation. As licensed dispensaries and nurseries provide products and services, questions remain about how and when these will impact our cities. The Center for Municipal Research & Innovation is proud to host this symposium supporting FLC President Susan Haynie's 'Safe Cities, Safe Florida' Initiative.
