INTRODUCTORY SECTION

June 12, 2015

The Honorable Mayor,
Members of the Town Commission and Citizens
Town of Lake Park, Florida

The Comprehensive Annual Financial Report (CAFR) of the Town of Lake Park, Florida, (the "Town") for the fiscal year ended September 30, 2014, is hereby submitted. Florida law and the Rules of the Auditor General for the State of Florida require every municipality to complete a set of audited financial statements annually within twelve months of the close of the fiscal year. This report is published to fulfill that requirement for the year ended September 30, 2014.

This report consists of management's representation concerning the finances of the Town of Lake Park. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of Lake Park has established a comprehensive internal control framework that is designed both to protect the Town assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of Lake Park's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of Lake Park's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of Lake Park's financial statements have been audited by Nowlen, Holt & Miner, P.A., certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Lake Park for the fiscal year ended September 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in financial statements; assign the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Town of Lake Park's financial statements for the fiscal year ended September 30, 2014, are fairly presented in conformity with GAAP. The independent auditor's report is located at the front of the Financial Section of this report on page 1.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE TOWN

Originally incorporated in 1923 as Kelsey City, the city was renamed in 1939 to the Town of Lake Park. The Town of Lake Park is a political subdivision of the State of Florida with a population of 8,248 residents (U.S.Census Bureau, 2011 estimate), ideally located in the southeastern part of the State on the Atlantic Intracoastal Waterway. The Town is primarily residential but has several types of light industry, commercial and retail businesses and shopping centers.

The Town of Lake Park operates under a commission-manager form of government. Policymaking and legislative authority are vested in a governing commission consisting of the Mayor, Vice-Mayor and three Commissioners. The governing body is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring both the Town Manager and Town Attorney. The Town Manager serves as the Chief Administrative Officer for the Town and is responsible for day-to-day operations, including the hiring, discipline, and firing of all town employees.

In 2008, the Department of Justice of the United States filed a civil action against the Town alleging that the then current at-large method of electing the Commissioners for the Town, enhanced by the use of staggered terms and designated posts, resulted in black citizens of the Town having less opportunity than white citizens to participate in the political process and elect candidates of choice in violation of Section 2 of the Voting Rights Act of 1965. Subsequent to the end of Fiscal Year 2009, as a result of the Department of Justice Consent Decree with the Town, which requires that the Town change the manner in which candidates for Commission seats are elected by imposing a method known as “Limited Voting”, an ordinance was adopted to amend the Charter to reflect this change. The seat of Mayor is elected in one election year and the four remaining commissioners are elected in the next election year, with no election occurring in the third year. The Mayor and Commission members are elected on a non-partisan basis. There are no term limits for elected officials.

The Town of Lake Park provides a full range of services, including building inspections, code enforcement, residential and commercial sanitation service, a public library, recreation and cultural events. Police and fire protection are contracted through Palm Beach County. Water and sewer service is provided through the Seacoast Utility Authority.

The Town’s financial statements also include the Lake Park Community Redevelopment Agency (CRA); a dependent special district established by the Town, under authority granted by Florida Statute 163, Section III. The Town is financially accountable for the CRA which is included in the Town’s financial statements as a blended component unit reported in a governmental (special revenue) fund, the CRA Fund.

The Town is required by State law to adopt an annual budget for the general fund. The annual budget serves as the foundation for the Town’s financial planning and control. The budget is prepared by fund, function (e.g., public safety) and department (e.g., police). The Town Manager may transfer resources within a department or fund as needed. Budgetary transfers between funds require the approval of the Town Commission.

LOCAL ECONOMY

The Town’s economic growth continues to be stymied due to the national recession and collapse of the housing and real estate market. Property values increased dramatically throughout Palm Beach County and the Town of Lake Park between the years of 2002 through 2006, but slowed significantly in 2007. The taxable value of property within the Town decreased 5.5% in 2008, mainly due to the passage of Amendment One (Property Tax Reform), an additional 15.8% in 2009 due to the economic downturn, and values dropped an additional 17.5% in 2010 bringing the assessed value of property within the Town back to 2005 levels. The taxable value decreased an additional 5.50% in 2011 and 3.65% in 2012, but recovered 3.90% in 2013 and 7.1% in 2014. The relationship of commercial assessments compared to residential assessment has historically been around 50/50. With the decline in the housing market over the past few years, this relationship has shifted to approximately 58/42.

The Town is experiencing the buildout of some of the remaining vacant parcels but does not anticipate any significant changes in the type of development that will occur. It is anticipated that redevelopment and reuse of existing structures will eventually take place and that the Town will continue to diversify its tax base. It is anticipated that the decline in both commercial and residential assessments have leveled off.

The decrease in taxable values within the Town totaled peaked at more than \$302 million, now stands at a decrease of more than \$253 million. A small increase in the millage was adopted for Fiscal Year 2013-2014 and the millage was held at the same rate for Fiscal Year 2014-2015. While public safety costs represent more than 50% of the General Fund expenditures and consume in excess of 100% of the tax revenue, public safety is paramount to the citizens of the Town. Operational cuts across all departments, excluding public safety, were implemented to counter the loss of revenue.

The Town continues to look for ways to provide essential services to the public in the most cost efficient, effective way without the health, safety and welfare of the community being compromised. The use of one time sources of revenue for recurring expenditures is not an option given the modest level of reserves and the threat of hurricanes an annual possibility. Alternative sources of revenue and possibly increased fees will be explored for future budgets.

The Community Redevelopment Agency (CRA) purchased commercial property in 2008, located at 800 Park Avenue, was refurbished and was used as an art studio and gallery for a period in 2010 and 2011. In 2012 the building was leased to The Artists of the Palm Beaches who provide free classes, have monthly exhibits, and use the building as the group's base of operations. Improvements have continued for the downtown alleyways; in 2012 completing the alleyway between 7th and 8th streets south of Park Avenue. A very limited business development loan program was continued to encourage development of the downtown business district located within the CRA boundaries.

ACCOUNTING AND BUDGETARY CONTROLS

The accounting and financial reporting of the Town's general government operations takes place in four broad categories: the General Fund, Special Revenue Funds, Debt Service Fund, and Insurance Internal Service Fund. The records and reports for these funds are maintained on the modified accrual basis, with revenue being recorded when measurable and available, and expenditures being recorded when the services or goods are received and the liabilities incurred. Accounting records for the Town's enterprise operations and pension trust funds are maintained on the accrual basis.

Management of the government is responsible for establishing and maintaining internal controls designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP). The internal control is designed to provide reasonable, rather than absolute, assurance these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the evaluation of costs and benefits requires estimate and judgments by management.

As a recipient of federal, state and local awards, the Town is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management.

In addition, the government maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with the legal provisions embodied in the annual budget approved by the government's governing body. Activities of the General Fund, Community Redevelopment Agency, Debt Service Fund and proprietary funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level within the individual fund. The government also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

As demonstrated by the basic financial statements and schedules included in the financial section of the report, the government continues to meet its responsibility for sound financial management.

MAJOR INITIATIVES

During recent years, the Town has devoted a significant amount of time, energy and resources to the continuing growth and redevelopment of the Town. The Town Commission made a commitment to provide specific programming for seniors and for children, and the Director of Parks and Recreation was tasked with developing those programs. Additional emphasis was placed on the scheduling of community-wide special events.

On August 20, 2015 the Commission authorized a budget for the repairs to the seawalls and sidewalks at the Lake Park Harbor Marina. Subsequent to the year-end the Town advertised a Request for Proposal for the repairs, and in due time awarded the contract for the repairs was issued to West Construction, Inc.

Using funds from an allocation of Community Development Block Grant money provided to the Town by Palm Beach County, improvements were made to the sprinkling system and landscaping of the median of Flagler Boulevard.

Utilizing Community Development Block Grant money provided Palm Beach County the four tennis courts in Lake Shore Park and the two in Kelsey Park were resurfaced.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Lake Park for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2013. To be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. This report must satisfy both U.S Generally Accepted Accounting Principles (GAAP) and applicable legal requirements. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

A Certificate of Achievement is valid for a period of one year only. The Town of Lake Park has received a Certificate of Achievement for the past eight years. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

A comprehensive annual financial report of this type and depth, illustrating the results of operations of the entire Town and its various diversified funds and activities, could not have been prepared so completely without the dedication and efficiency of the entire Finance Department staff. Their dedication and hard work is greatly appreciated. My appreciation is also extended to our independent auditors, Nowlen, Holt & Miner, P.A. for their cooperation and guidance.

Special appreciation is extended to the Mayor, Town Commission, Town Manager, and Department Heads for their interest and support in planning and conducting the financial operations of the Town in a responsible and progressive manner.

Respectfully submitted,

Blake K. Rane
Finance Director

The Honorable Mayor and Members of the Town Commission
Town of Lake Park, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Lake Park, Florida as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers

internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Lake Park, Florida as of September 30, 2014, and the respective changes in financial position, and, where applicable, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principles

As described in Note 17 to the financial statements, the Town of Lake Park, Florida adopted the recognition and disclosure requirements of Governmental Accounting Standards Board Statement No. 65, *Items Previously Reported as Assets and Liabilities* and Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement 25* during the fiscal year ended September 30, 2014. The net position of the business-type activities, the Marina Fund and the Nonmajor Enterprise Fund as of October 1, 2013 have been restated. Our opinions are not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 14, Pension and Other Postemployment Benefit trend information on pages 70 through 73, and budgetary comparison information on pages 74 through 81 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our

inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Lake Park, Florida's basic financial statements. The introductory section, combining and budgetary statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and budgetary statements and schedules is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2015, on our consideration of the Town of Lake Park, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Lake Park, Florida's internal control over financial reporting and compliance.

Nowlen, Holt & Miner, P.A.

West Palm Beach, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Town of Lake Park, Florida (Town) administration offers readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended September 30, 2014. Readers are encouraged to consider the information presented here in conjunction with additional information that has been furnished in the transmittal letter and the accompanying basic financial statements.

The information contained within this Management's Discussion and Analysis (MD&A) is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the Notes to the Financial Statements and the Required Supplementary Information that is provided in addition to this MD&A.

Financial Highlights

Government-Wide Financial Statements

- The assets of the Town of Lake Park exceeded its liabilities and deferred inflows of resources at September 30, 2014 by \$8,276,574. Of this amount, unrestricted net position is \$412,252.
- The total net position increased by \$376,116, of which an increase of \$691,271 was attributed to governmental activities and a decrease of \$315,156 was related to business-type activities. The change in net position the business-type and governmental activities of the Town was primarily due to depreciation expense far exceeding investment in capital assets.

Fund Financial Statements

- As of the close of the 2014 Fiscal Year, the Town of Lake Park's General Fund reported ending fund balance of \$945,331 an increase of \$206,040 from the prior year. Of the total, \$401,086 is restricted or non-spendable, while \$544,245 is unassigned and available for future uses by the Town Commission, an increase of \$345,523 in unassigned fund balance.
- At the end of the 2014 Fiscal Year, the unassigned fund balance for the General Fund represented just less than 7.0% of total General Fund expenditures or approximately 25.5 days of available funding.
- Total long term obligations for the Town decreased by \$1,307,103. General Obligation Bond debt and loans payable decreased in the amount of \$1,268,595, due to scheduled principal payments.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements that include the Statement of Net Position and the Statement of Activities. These statements provide information about the activities of the Town as a whole. (2) Fund financial statements tell how these services were financed in the short term, as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. (3) Notes to the basic financial statements expand upon information reported in the government-wide and governmental fund statements.

REPORTING THE TOWN AS A WHOLE

Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the Town's financial health is whether the year's activities contributed positively to the overall financial well being. The Statement of Net Position and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

These two statements report the Town's net position and changes therein. Net position, the difference between assets, liabilities, and deferred inflows of resources are one way to measure the Town's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating.

The Statement of Net Position and the Statement of Activities present information about the following:

- Governmental activities - All of the Town's basic services are considered to be governmental activities, including general government, community development, public safety, public services, library, and recreation. Property taxes, sales taxes, utility taxes, intergovernmental revenue and franchise fees finance most of these activities.
- Proprietary activities/Business-type activities - The Town charges a fee to customers to cover all or most of the cost of the services provided. The Town's Sanitation Fund, Stormwater Fund and Marina Fund are reported in this category.

REPORTING THE TOWN'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the Town as a whole. Some funds are required to be established by State law. However, management establishes other funds, which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The Town's three kinds of funds, governmental, proprietary, and fiduciary, use different accounting approaches as explained below.

- Governmental funds - Most of the Town's basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out, with the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The basic governmental fund financial statements can be found on pages 18-21 of this report.
- Enterprise funds - The Town has three enterprise funds, Sanitation, Stormwater and Marina, which charge customers for the services they provide. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. These funds are reported using the full accrual basis of accounting; revenues are recognized in the period earned and expenses are recognized in the period that liabilities are incurred. The basic proprietary fund financial statements can be found on pages 22-24 of this report.
- Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 25-26 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27-69 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Town's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information for pension benefits can be found on page 70-73 of this report.

The Town adopts annual appropriated budgets for the General Fund and CRA. Budgetary comparison schedules for the General Fund and CRA are included as *Required Supplementary Information* on pages 74-81 to demonstrate compliance with the budget.

The Town also adopts an annual budget for the Streets and Roads Fund, Insurance Fund, and Debt Service Fund. Budgetary comparison schedules for these funds are also included as Other Supplementary Information section of this report. The combining and individual fund statements and schedules are presented immediately following the required supplementary information on pages 82-86 of this report.

Government-Wide Financial Analysis

Net Position: As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, governmental activity assets exceeded liabilities and deferred inflows of resources by \$3,007,240. Business-type activity assets exceeded liabilities by \$5,269,334. The Town-wide total net position were \$8,276,574 at the close of the fiscal year ended September 30, 2014. The Statement of Net Position is on page 15 of this report.

The Town's investment in capital assets (e.g., land, buildings, equipment and vehicles, less any related debt used to acquire those assets that is still outstanding) was \$7,499,422 or almost 91% of total net position at September 30, 2014. Capital assets total \$17,492,397 at September 30, 2014, or 88% of all assets, which total \$19,919,398. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the net position \$364,900 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$412,252 may be used to meet the government's ongoing obligations to citizens and creditors. The following table reflects the condensed Statement of Net Position for the current year as compared to the prior year.

Net Position

	Governmental Activities		Business Activities (1)		Total	
	2014	2013	2014	2013	2014	2013

(1) As restated

Governmental Activities: Net position of the governmental activities of the Town have increased \$691,272 from 2013. Total assets of governmental activities have decreased by \$139,110 and total liabilities and deferred inflows of resources have also decreased by \$830,382. Unrestricted net position are down by \$428,507.

Business Activities: Net position for business activities have decreased \$315,156 from 2013. Total assets decreased by \$778,387 while total liabilities have decreased by \$463,231. Unrestricted net position has decreased by \$123,921.

The following is a summary of the changes in net position for the years ended September 30, 2014 and 2013:

Changes in Net Position

	Activities		Activities		Total	
	2014	2013	2014	2013	2014	2013
Revenues:						
Program revenues:						
Charges for services	\$ 938,406	\$ 931,606	\$3,039,621	\$2,766,623	\$ 3,978,027	\$ 3,698,229
Operating grants and contributions	12,541	16,371			12,541	16,371
Capital grants and contributions	64,058	54,721			64,058	54,721
General revenues:						
Taxes	6,693,730	6,246,087			6,693,730	6,246,087
Intergovernmental	1,093,000	1,033,832			1,093,000	1,033,832
Construction settlement			-	880,000		880,000
Investment earnings	12,205	26,307	814	11,214	13,019	37,521
Gain on sale of equipment	-	2,043	-	18,388		20,431
Total revenues	<u>\$ 8,813,940</u>	<u>\$ 8,310,967</u>	<u>\$3,040,435</u>	<u>\$3,676,225</u>	<u>\$11,854,375</u>	<u>\$11,987,192</u>

Overall total revenues are down by \$132,817. Program revenues increased by \$285,305 while general revenues declined by \$418,122, while noting that excluding the settlement general revenues increased by \$461,878.

Governmental Activities: Revenue collections of taxes including property taxes, franchise fees, utility services taxes, fuel taxes and communication services taxes have increased by \$447,643. Property values within the Town increased in 2014, 7.1% over 2013. When combined with the loss in value from Amendment One, property tax reform, and the economy changing; property values within the Town's Taxable Value remains more than \$253 million dollars below the 2007 value. The increase in charges for services of governmental activities is attributable to the increase property values and holding the millage rate constant combined with increases in the Franchise Fees and Utility Service Taxes.

Business Activities: Total revenues for business activities of the Town have decreased by \$635,790. Primarily the result of the settlement countered by increased Marina occupancy.

	Governmental Activities		Business Activities (1)		Total	
	2014	2013	2014	2013	2014	2013

(1) As restated

Overall net position increased \$376,116. The increase in net position is related to the increase in property values combined with cost cutting measures that have been undertaken by the Town and the CRA.

Governmental Activities: Changes in the expenses for 2014 in Public Safety is attributable to a 1% increase in the Sheriff's contract combined with the increased property value effect on the constant Palm Beach County Fire/Rescue millage rate. The increase in the General government is attributable to a 2% raise for all employees. The other decreases in expenses items result from vacant positions in several departments, other cost saving measures, and continued debt service payments.

Business-type Activities: The increased expenses for the Marina Fund results from the moving one part-time employee to full time.

Financial Analysis of the Governments' Funds

As noted earlier, the Town of Lake Park uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds. The focus of the Town's governmental fund financial statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At September 30, 2014, the Town's primary operating fund, the General Fund, reported ending fund balance of \$945,331, a increase of \$206,040 from the prior year. Of this amount, \$544,245 is considered unassigned fund balance. However; \$33,826 is restricted for specific purposes; (1) Community Improvement Beautification (CIB) Fund and (2) library donations designated for improvements. The unassigned balance of \$544,245 is available for spending at the Town's discretion. However, it is recommended that these funds be maintained at this level in the event of an emergency such as a hurricane. The remainder of fund balance (\$367,260) is non-spendable to indicate that it is not available for new spending because it has already been committed (1) for inventories and prepaid expenses (\$18,732) and (2) as advances to other funds, in particular to cover the cash deficit in the pooled cash of the Marina Fund (\$348,528).

As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents less than 7.0 percent (approximately 25.5 days) of total general fund expenditures, while total fund balance represents 12.1 percent of that same amount. A sound financial management policy would dictate that the unassigned fund balance be maintained between 10-25% of total expenditures. To that end, the budget for Fiscal Year 2015 has been constructed to provide an increase in the fund balance at the end of the year, absent significant revenue shortfalls or at least be able to maintain the current level of fund balance in the event of revenue shortfalls.

Enterprise Funds. The Town's enterprise funds are accounted for on an accrual basis, and may be measured year-over-year by the Change in Net Position, a measure of the difference that the year made in the Total Position less the Total Liabilities.

The Marina Fund has a reduction in Net Position of \$489,876, an amount essentially the same as the depreciation expense charged to the fund for the year, bringing the fund's Total Net Position to \$4,346,267.

The Sanitation Fund has an increase in Net Position of \$41,545, bringing the fund's Total Net Position for the fund to \$47,382.

The Stormwater Fund has an increase in Net Position of \$26,610, bringing the fund's Total Net Position for the fund to \$667,246.

General Fund Budgetary Highlights

The annual General Fund budget is adopted after two public hearings and approval of the Town Commission. Any amendments that would exceed the original budget at the fund level or would require funds to be transferred from contingency would require a formal budget amendment requiring the adoption of a resolution by the Town Commission. The original General Fund appropriation was unchanged during the year.

The budget was amended for new programs implemented after the adoption of the budget, revenues and corresponding expenditures not anticipated during the budget process. These items had no appropriations in the original budget.

Capital Asset and Debt Administration

Capital assets. The Town's total investment in capital assets at September 30, 2014 was \$17,492,397 (net of accumulated depreciation). Capital assets include land, construction in progress, buildings, equipment and vehicles and infrastructure. The Town's net capital assets at September 30, 2014 and 2013 are summarized as follows:

Capital Assets (Net of depreciation)

	Governmental Activities		Business Activities		Total	
	2014	2013	2014	2013	2014	2013
Land	\$ 2,691,891	\$ 2,691,891	\$ 2,492,332	\$ 2,492,332	\$ 5,184,223	\$ 5,184,223
Construction in progress	-	81,153	459,571	396,556	459,571	477,709
Buildings	2,607,766	2,806,508	-	-	2,607,766	2,806,508
Equipment and vehicles	86,003	106,253	45,294	115,639	131,297	221,892
Streets, roads, and sidewalks	2,549,490	2,792,207	6,560,050	7,076,524	9,109,540	9,868,731
Total assets	<u>\$ 7,935,150</u>	<u>\$ 8,478,012</u>	<u>\$ 9,557,247</u>	<u>\$ 10,081,051</u>	<u>\$ 17,492,397</u>	<u>\$ 18,559,063</u>

Capital projects during Fiscal Year 2014 included the following:

- Marina Seawall Reparation Project
- Tennis Court Surface Improvements at Lake Shore and Kelsey Parks
- Alleyway Drainage Improvement.

Additional information on the Town's capital assets can be found in Note 6 on pages 45-46 of this report.

Long-term debt. At year end 2014, the Town had \$5.3 million of outstanding debt. No new loans were incurred during fiscal year 2014. The debt position of the Town is summarized as follows:

	Governmental Activities		Business Activities		Total	
	2014	2013	2014	2013	2014	2013
Loans Payable	\$ 5,914,137	\$ 6,819,080	\$ 4,778,963	\$ 5,142,615	\$ 10,693,100	\$ 11,961,695
Other Post- Emp. Benefits	38,328	32,320	17,402	14,822	55,730	47,142
Compensated absences	146,068	166,216	18,416	39,109	164,484	205,325
Unamortized premium	-	-	116,241	122,496	116,241	122,496
Total	<u>\$ 6,098,533</u>	<u>\$ 7,017,616</u>	<u>\$ 4,931,022</u>	<u>\$ 5,319,042</u>	<u>\$ 11,029,555</u>	<u>\$ 12,336,658</u>

Additional information on the Town's debt can be found in Note 8 on pages 47-55 of this report.

Economic factors and Next Year's Budgets and Rates

The Town, along with all other surrounding communities, Lake Park saw an increase in the taxable value of properties for the second year. However, prior to this values dropped within the Town for five consecutive years. The taxable assessed value of homes within the Town remain well below the 2005 level. Combined with the decreases of the previous five years, and using the current millage rate, and including these modest increases, the loss of taxable value equates to a loss of more than \$2 million dollars in tax revenue per year.

For fiscal year 2014-2015 the Town Commission adopted a General Fund budget of \$8,522,458 compared with the budget for fiscal year 2013-2014 in the amount of \$8,329,827. The operating millage rate was held constant year-over-year at 8.8055 mills. The debt millage rate decreased to 1.6650 mills, meeting the debt service requirements of the General Obligation bonds of 1997 and 1998.

The greatest impact on the General Fund expenditures is Public Safety which represents 61% of the total and uses 100% of the Ad Valorem property tax revenue plus an additional \$306,841 of other revenues of the Town. In an effort to off-set some of the impact on the General Fund revenue lost the Town continues the operational cuts across all departments and continues to limit capital and other projects.

There were no rate increases adopted for the Sanitation, and Stormwater enterprise operations for Fiscal Year 2014. The standard dockage rates at the Marina were decreased effective October 1, 2012, and selected slips were additionally discounted effective September 1, 2014 which had a very small effect on the years revenue.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability. TOWN OF LAKE PARK, FLORIDA
Reconciliation of the Balance Sheet – Governmental Funds
to the Statement of Net Position
Governmental Funds
September 30, 2014

Total Fund Balances - Governmental Funds		\$ 1,043,934
--	--	--------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds:

Governmental capital assets	\$ 17,083,258	
Less accumulated depreciation	<u>(9,148,108)</u>	7,935,150

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

Accrued interest payable on long-term debt	(28,557)	
Compensated absences	(146,068)	
Other post-employment benefits	(38,328)	
Loans payable	(3,469,381)	
General obligation bonds	<u>(2,444,756)</u>	(6,127,090)

Internal service funds are used by management to charge costs of certain activities to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.

TOWN OF LAKE PARK
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund
Balances of the Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2014

Net change in fund balances - total governmental funds \$ 230,448

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives

Expenditures for capital assets	\$ 113,006	
Less: current year depreciation	(655,868)	(542,862)

Governmental Funds report revenues when earned and available. However, in the Statement of Activities, revenues are recognized when earned, regardless of availability.

Flagler Boulevard Grant

The repayment (issuance) of long-term debt consumes (provides) the current financial resources of governmental funds. However, these transactions do not have any effect on net position of the governmental activities.

Long term debt repayments:

General obligation bonds	631,482	
Loans payable	273,461	904,943

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in compensated absences	20,148	
Change in other post-employment benefits	(6,008)	
Change in accrued interest	7,436	21,576

Internal service funds are used by management to charge the costs of certain activities to individual funds.

Net income allocable to governmental activities	77,167	
---	--------	--

Change in net position of governmental activities	\$ 691,272	
---	------------	--

See notes to the financial statements.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Town of Lake Park, Florida (the “Town”) was incorporated in 1923. The Town’s Charter was approved by the Laws of Florida, Chapter 61-2375. The Town is governed by an elected Mayor and Town Commission which appoints a Town Manager. The Town provides the following services: public safety, recreation, sanitation, streets and roads, planning and zoning, and general administrative services.

As required by generally accepted accounting principles, these financial statements include the Town (the primary government) and its component units. Component units are legally separate entities for which the Town is financially accountable. The Town is financially accountable if:

- it appoints a voting majority of the organization’s governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Town or
- the organization is fiscally dependent on the Town and (1) there is a potential for the organization to provide specific financial benefits to the Town or (2) impose specific financial burdens on the Town.

Organizations for which the Town is not financially accountable are also included when doing so is necessary in order to prevent the Town’s financial statements from being misleading.

Based upon application of the above criteria, the Town of Lake Park has determined that there are two legally separate entities to consider as potential component units. The Town of Lake Park Retired Police Officers’ Pension Fund is a component unit as it is fiscally dependent on and imposes a specific financial burden on the Town. It is reported in the Town’s financial statements as a fiduciary fund.

Lake Park Community Redevelopment Agency (the “CRA”) is a dependent special district established by the Town of Lake Park, Florida, under authority granted by Florida Statute 163, Section III. The CRA is included in the Town’s financial reporting entity as a blended component unit reported as a governmental (special revenue) fund, the *Community Redevelopment Fund*. The CRA is a legally separate entity and the governing body of the CRA consists of the Town Commission and the Town handles the management and administration of the CRA’s financial matters. Separate financial statements for the CRA are not prepared.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Town. As a general rule, the effect of interfund activities has been removed from these statements. An exception to this rule is that interfund services provided and used are not eliminated. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and the major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements and proprietary fund financial statements are reported using the accrual basis of accounting and the economic resources measurement focus. Fiduciary funds use the accrual basis of accounting and the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Town considers revenue to be available if it is collected within ninety days of the end of the current fiscal year, except for property taxes, for which the period is 60 days.

Unearned revenue consists primarily of grant funds and occupational licenses and other fees collected in advance of the year to which they relate.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Expenditures are generally recognized in the accounting period in which the fund liability is incurred. Property taxes, intergovernmental revenue, franchise fees, charges for services and investment income are all considered susceptible to accrual and so have been recognized as revenue in the current fiscal year. All other revenue items are considered to be measurable and available only when received in cash by the Town. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds:

General Fund

The General Fund is the primary operating fund and is used to account for all financial resources applicable to the general operations of the Town except those required to be accounted for in another fund.

CRA Fund

The CRA fund is a special revenue fund and is used to account for all financial resources applicable to the promotion of the physical and economic development of certain areas in the Town of Lake Park.

The Town reports the following major proprietary funds:

Marina Fund

This enterprise fund accounts for the operations of the Town's municipal marina, which are financed primarily by user charges.

Sanitation Fund

This enterprise fund accounts for the operations of the Town's garbage and trash collection services, which are financed primarily by user charges.

Additionally, the Town reports the following non-major funds:

Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. In addition to the CRA Fund, a major governmental fund, the Town has one non-major special revenue fund: the Streets and Roads Fund.

Debt Service Fund

This fund is used to account for resources accumulated and payments made for principal and interest of the Town's general obligation bonds which are payable from ad valorem taxes.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Capital Projects Funds

The Capital Projects Fund and Special Projects Fund are used to account for construction and renovation projects.

Stormwater Utility Fund

The Stormwater Utility Fund is used to account for the charges and related expenses for the Town's stormwater drainage system.

Internal Service Fund

Internal service funds account for operations that provide services to other departments on a cost reimbursement basis. The Insurance Fund accounts for the Town's general liability and workers' compensation insurance plans.

Fiduciary Funds

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government; pension trust funds are held under the terms of a formal trust agreement. The fiduciary fund of the Town includes:

Retired Police Officers' Pension Fund - This fund was established in 2004 to receive and invest Town contributions in a defined benefit pension plan and to disburse these monies to Police retirees in accordance with the Pension Plan Ordinance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's enterprise funds and various other functions of the Town. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's marina and sanitation enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity

Cash and Cash Equivalents

All short-term investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to a known amount of cash, and at the day of purchase, have a maturity date no longer than three months.

Investments

Investments are reported at fair value, which is determined by using various third party pricing sources. The Local Government Surplus Funds Trust is a “2a-7 like” pool and, thus, these investments are valued using the pooled share price. Investments in “Florida PRIME” of the Local Government Surplus Funds Trust are reported as cash and cash equivalents.

Accounts Receivable

Accounts receivable represent amounts due from local businesses for franchise taxes, utility taxes, delinquent property taxes and other charges in the General Fund, and solid waste disposal fees and marina slip rentals in the Enterprise Funds. The Town does not require collateral for accounts receivable. Accounts receivable are net of allowances for uncollectible accounts determined based on the age of the individual receivable, with age categories ranging from 30 days past due to several years past due. Generally the allowance includes accounts over 90 days past due. Accounts receivable are written off on an individual basis in the year the Town deems them uncollectible.

Interfund Transactions

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans). All other outstanding balances between funds are reported as “advance to/advance from other funds.” Any residual balance outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

Transfers and interfund balances totally within governmental activities and those that are totally within business-type activities are eliminated and not presented in the government wide financial statements. Transfers and balances between governmental and business-type activities are presented in the government-wide financial statements.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Inventories

Inventories are valued at cost determined on a first-in, first-out basis. Inventories in the General Fund consist of expendable supplies held for consumption. Inventories in the Marina Fund consist of goods for sale to the public. The initial cost is recorded as an asset at the time the individual inventory items are purchased and are charged against operations in the period when used.

Prepaid Items/Expenses

Expenditures/expenses for insurance premiums and other administrative costs extending over more than one accounting period are accounted for as prepaid items and allocated between accounting periods. Prepaid items in governmental funds are accounted for using the consumption method.

Capital Assets and Depreciation

Capital assets, which include property, plant, infrastructure, and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. The Town defines capital assets as assets with an initial individual cost of \$750 or more and an estimated life in excess of one year. In accordance with GASB Statement No. 34, the Town has elected not to record infrastructure assets purchased prior to October 1, 2003 in the accompanying financial statements.

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are assets of the Town as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized as assets in the government-wide statement of net position. General capital assets are carried at historical cost. Where cost cannot be determined from the available records, estimated historical cost has been used to record the estimated value of the assets. Assets acquired by gifts or bequests are recorded at their fair value at the date of acquisition.

Capital assets of the enterprise funds are capitalized in the fund. The valuation basis for enterprise fund capital assets is the same as those used for general capital assets. Additionally, net interest cost is capitalized on enterprise fund projects during the construction period.

Additions, improvements, and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Capital Assets and Depreciation (Continued)

Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation. The estimated lives for each major class of depreciable fixed assets are as follows:

Buildings and infrastructure	30-50 years
Building improvements	7- 50 years
Equipment and vehicles	5 years
Docks and channels	20 years

Compensated Absences

Unused compensated absences are payable upon separation from service. Vacation is accrued as a liability when the employee earns benefits. This means that the employee has rendered services that give rise to a vacation liability and it is probable that the Town will compensate the employee in some manner, e.g., in cash or paid time-off, now or upon termination or retirement. The Town uses the vesting method in accruing sick leave liability. Under the vesting method, the liability for vacation leave is accrued for employees who are eligible to receive termination payments upon separation. The Town's policy is to allow employees to accumulate vacation leave to a maximum of 480 hours. At the time of retirement or termination all vacation leave up to a maximum of 240 hours is payable at 100% to the employee. Except for liabilities incurred by employment terminations, such benefits are paid only when taken.

Compensated absences are accrued when incurred in the government-wide and proprietary financial statements. Benefits that were earned but not used during the current year were accrued at employees' pay rates in effect at September 30, 2014. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements. For the governmental funds, compensated absences are liquidated by the General Fund. The amount attributable to the business-type activities is charged to expense with a corresponding liability established in the government-wide financial statements as well as the Enterprise Fund. The Town does not contribute to other post-employment benefits for employees.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Deferred Outflows and Inflows of Resources

The statement of net position includes a separate section for deferred outflows of resources. This represents the usage of net position applicable to future periods and will not be recognized as expenditures until the future period to which it applies. Currently, the Town does not have any deferred outflows.

The statement of net position also includes a separate section, listed below total liabilities, for deferred inflows of resources. This represents the acquisition of net position applicable to future periods and will not be recognized as revenue until the future period to which it applies. The source of the unavailable revenue is local business tax revenues collected prior to the date on the statement of net position which are unearned and will be recognized as an inflow of resources in the period that the amounts become available.

Unearned Revenue

The Town reports unearned revenue on its statements of net position and governmental funds balance sheet. Unearned revenue arises when resources are obtained prior to revenue recognition. In subsequent periods, when revenue recognition criteria are met the unearned revenue is removed and revenue is recognized.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method. Unamortized bond premiums are presented as an addition to bonds payable.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Net Position

Net position is the residual of all other elements presented in a statement of net position. It is the difference between (a) assets plus deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net position is displayed in following three components:

- Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted net position – Consists of net position with constraints placed on the use either by: 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or 2) law through constitutional provisions of enabling legislation.
- Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the Town’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Equity

Fund balance is the difference between assets, liabilities and deferred inflows of resources reported in governmental funds. There are five components of fund balance:

- Nonspendable fund balance represents amounts that are not in spendable form or are legally or contractually required to be maintained intact.
- Restricted fund balance represents amounts that can be spent only for specific purposes stipulated by external providers (e.g. creditors, grantors, contributor, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance represents amounts that can be used only for the specific purposes pursuant to constraints imposed by Town Commission by the adoption of an ordinance, the Town’s highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Town removes or changes the specified use by the adoption of an ordinance.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Fund Equity (Continued)

- Assigned fund balance includes spendable fund balance amounts that are intended to be used for specific purposes, that are neither considered restricted or committed. In accordance with the Town's fund balance policy, assignments can be made by the Town Commission or Town Manager.
- Unassigned fund balance is the residual fund balance classification for the general fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the Town's policy to reduce restricted amounts first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the Town's policy to reduce committed amounts first, followed by assigned amounts, and then unassigned amounts.

Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows and deferred outflows, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. These estimates include the collectibility of accounts receivable, the use and recoverability of inventory, the useful lives and impairment of tangible assets, and the realization of net pension assets, among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates.

Statement of Cash Flows

For purposes of the statement of cash flows, the Town considers all short-term investments that are highly liquid to be cash equivalents. Cash equivalents are readily convertible to a known amount of cash, and at the day of purchase, have a maturity date no longer than three months.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Data

Formal budgetary integration is employed as a management control device during the year for the General Fund and the enterprise funds. All budgets are legally enacted. The annual appropriated budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles. Except for budgeting capital expenditures and not budgeting for depreciation, the annual appropriated budgets for the enterprise funds are adopted on a basis consistent with generally accepted accounting principles. For budgeting purposes, current year encumbrances are not treated as expenditures. The other funds with legally adopted budgets include the Community Redevelopment Fund, Streets and Roads Funds, Debt Service Fund, Insurance Fund, Marina Fund, and Sanitation fund.

The procedures for establishing budgetary data are as follows:

- Prior to September 1st, the Town Manager submits a proposed operating budget to the Town Commission for the next fiscal year commencing the following October 1st. The proposed budget includes expenditures and the means of financing them.
- Public hearings are conducted at the Town Hall to obtain taxpayer comments.
- The Town advises the Palm Beach County Tax Collector's office of the proposed millage rate, the rolled back millage rate and the day, time and place of the public hearing for budget acceptance.
- A public hearing is held to obtain taxpayer input and to adopt the final budget and millage rate.
- Upon completion of the public hearings and prior to October 1st, a final operating budget and related millage rates are legally enacted through the passage of an ordinance. Estimated beginning fund balances are considered in the budgetary process. Effective for fiscal year ending September 30, 2014, a final operating budget and related millage rates are legally enacted through the passage of a resolution.
- Changes or amendments to the total budgeted expenditures of the Town must be approved by the Town Commission. Accordingly, the legal level of control is at the fund level.
- All unencumbered balances lapse on September 30th.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Budgeted amounts are as originally adopted, or as amended by appropriate action. During the year several supplementary appropriations were necessary.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g. purchase orders, contracts) outstanding at year end are reported as restricted, committed or assigned fund balance and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year. There were no funds with outstanding encumbrances at year end.

B. Property Taxes

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. All property is reassessed according to its fair market value on January 1 of each year and each assessment roll is submitted to the State Department of Revenue for review to determine if the assessment rolls meet all of the appropriate requirements of State law. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State Statutes permit municipalities to levy property taxes at a rate of up to 10 mills for operating purposes.

The tax levy of the Town is established by the Town Commission prior to October 1 of each year during the budget process. The Palm Beach County Property Appraiser incorporates the Town's millage into the total tax levy, which includes the County, County School Board, and special district tax requirements. The millage rate assessed by the Town for the year ended September 30, 2014, was 10.4705 (\$10.4705 for each \$1,000 of assessed valuation), which includes 1.6650 mills for debt service.

Taxes may be paid, less a 4% discount, in November or at declining discounts each month through the month of February. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Delinquent taxes on real property bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are offered for sale for all delinquent taxes on real property.

After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. The certificate holder may make application for a tax deed on any unredeemed tax certificate after a period of two years. The County holds unsold certificates. Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations. At September 30, 2014, unpaid delinquent taxes are not material and have not been recorded by the Town.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

C. Deteriorating Financial Condition

The Marina Fund had an operating loss of \$323,256 for the year. Excluding depreciation expense, the fund has had operating losses for four out of the last five years. One of the primary causes of this is the decreased occupancy and increased expenses caused by construction deficiencies in the renovation of the Marina. In addition, the CRA fund balance has decreased from \$3,569,781 in fiscal year 2008 to a deficit of \$175,829 for the current fiscal year. This was caused by increased expenditures and drops in the incremental tax revenues over the years.

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits

As of September 30, 2014, the carrying amount of deposits (including fiduciary funds) was \$1,083,270 and the bank balances were \$1,093,787. The Town also had \$690 of petty cash. In addition to insurance provided by the Federal Depository Insurance Corporation, deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or other banking institution eligible collateral. In the event of failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. The Town's deposits at year end are considered insured for custodial credit risk purposes.

The Town maintains a pooled account for cash and cash equivalents that is available for use by all funds. Each fund's portion of the pooled account is displayed on the financial statements as "Pooled cash and cash equivalents". Interest income from pooled checking accounts is allocated back to the General Fund. Investment income from the pooled SBA accounts is allocated to the following funds based on each fund's relative equity in the pool: General, CRA, Debt Service, Capital Projects, and Sanitation.

As of September 30, 2014, the Town held the following investments:

	<u>Credit Rating</u>	<u>Fair Value</u>	<u>Weighted Average Maturity</u>
State Board of Administration:			
Florida PRIME	AAA(m)	\$ 774,504	39 days
Money market funds	N/R	36,129	N/A
Bond exchange traded funds	N/R	426,301	N/A
Equity exchange traded funds	N/R	996,539	N/A
Total investments		<u>\$ 2,233,473</u>	

All the investments other than the State Board of Administration are held in the fiduciary funds. The credit ratings are S&P's.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments

The exchange traded fund is commonly referred to as “ETF”. ETFs are funds that trade like other publicly-traded securities and are designed to track an index. Similar to shares of an index mutual fund, each share of the fund represents a partial ownership in an underlying portfolio of securities intended to track a market index. Unlike shares of a mutual fund, which can be bought and redeemed from the issuing fund by all shareholders at a price based on NAV, only authorized participants may purchase or redeem shares directly from the fund at NAV. Also, unlike shares of a mutual fund, the shares of the fund are listed on a national securities exchange and trade in the secondary market at market prices that change throughout the day.

The State Board of Administration is part of the Local Governments Surplus Funds Trust Fund and is governed by Chapter 19-7 of the Florida Administrative Code. These rules provide guidance and establish the general operating procedures for the administration of the Local Governments Surplus Funds Trust Fund. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the State Board of Administration. The Local Government Surplus Funds Trust Fund is not a registrant with the Securities and Exchange Commission (SEC); however, the board has adopted operating procedures consistent with the requirements for a 2a-7 fund.

The State Board of Administration is divided between two separate pools. Florida PRIME, (Local Government Surplus Funds Trust Fund Investment Pool) consists of all money market appropriate assets and Pool B, (Surplus Funds Trust Fund) consists of assets that either defaulted on a payment, paid more slowly than expected, and/or had any significant credit and liquidity risk. At September 30, 2014, all the assets from Pool B were liquidated.

At September 30, 2014, Florida PRIME was assigned a "AAA(m)" principal stability fund rating by the Standard and Poor's Ratings. Florida PRIME is considered a SEC 2a7-like fund, thus, the account balance should also be considered its fair value.

The weighted average days to maturity (WAM) of Florida PRIME at September 30, 2014, was 39 days. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of Florida PRIME to interest rate changes.

As of September 30, 2014, the Town had \$774,504 invested in Florida PRIME. Additional information regarding the Local Government Surplus Funds Trust Fund may be obtained from the State Board of Administration.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Interest rate risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the time to maturity, the greater the exposure to interest rate risks. The Town limits its exposure to fair value losses resulting from rising interest rates by structuring the investment portfolio so that the securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity; and investing operating funds primarily in short-term securities, money market mutual funds, or similar investment pools unless it is anticipated that long-term securities can be held to maturity without jeopardizing the liquidity requirements. The Retirement Funds do not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Custodial credit risk – For an investment, custodial credit is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments that are in the possession of an outside party. At September 30, 2014, all investments were insured or collateralized, except the Town's pension fund, in which the underlying securities are held by counterparty, or by its trust department or agent but not in the Town's name and is uninsured and unregistered. However, all securities are registered in the funds' names.

The money market and closed end funds are owned by the Pension Trust Funds.

The Town is authorized to invest its funds as follows:

1. Interest-bearing checking or savings accounts in qualified public depositories, as defined in Chapter 280, Florida Statutes;
2. Interest-bearing time deposits in qualified public depositories, as defined in Chapter 280, Florida Statutes;
3. The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Chapter 163, Florida Statutes;
4. Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
5. Direct obligations of the United States Treasury;
6. Federal agencies and instrumentalities;

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

7. Securities of, or interest in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C. sections 80a-1 et seq., as amended from time to time, provided that the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations, and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian;
8. Other investments authorized by law or by ordinance by the Town.

Investments of the Retired Police Officers Retirement Fund can consist of the following:

1. A qualified public depository as defined in Section 280, Florida Statutes.
2. Obligations issued by the United States Government or obligations guaranteed as to principal and interest by the United States Government or by an agency of the United States Government.
3. Stocks, bonds or other evidence of indebtedness issued or guaranteed by a corporation organized under the laws of the United States or the District of Columbia, provided that the corporation is listed on one or more of the recognized national exchanges or on the National Market System of the NASDAQ stock market.
 - a. Investments in equities shall not exceed 70% of the Pension Fund's total assets at cost.
 - b. Not more than then (5) percent of the Pension Fund's assets shall be invested in the common stock or capital stock of any one issuing company, nor shall the aggregate investment in any one issuing company exceed (5) percent of the outstanding capital stock of that company.
 - c. Not more than five (5) percent of the Fund's fixed income portfolio (at cost) shall be invested in the securities of any single corporate issuer. This limitation does not include issues of any U.S. government agency.
 - d. Bonds and other evidences of indebtedness not rated in one of the four highest classifications by a major rating service shall not exceed 5% of the Pension Fund's total assets at cost.

NOTE 4 – NOTES RECEIVABLES

The CRA has a program to give grants and low interest loans for business development and façade improvements. The loans bear interest at 2% and are payable monthly for terms of five to ten years. The grants are to be repaid if the business is sold within five years and one fifth of the grant is forgiven each year. Both the loans and grants are secured by a lien on the improvements and/or the property of the business. At September 30, 2014, there were \$57,988 of loans outstanding which are recorded as notes receivable and \$16,106 of grants outstanding for which no asset is recorded since the expectation is that the business will not be sold.

NOTE 5 – ACCOUNTS RECEIVABLES

Receivables at September 30, 2014, were as follows:

	<u>General Fund</u>	<u>CRA Fund</u>	<u>Marina Fund</u>	<u>Sanitation Fund</u>	<u>Nonmajor Enterprise Fund</u>
Accounts receivable	\$ 46,843	\$ 2,650	\$ 32,686	\$ 118,741	\$ 2,693

NOTE 8 – LONG-TERM LIABILITIES (Continued)

Compensated absences and OPEB liabilities for governmental activities are generally liquidated by the General Fund and by the Marina Fund, Sanitation Fund, and Stormwater Fund for business-type activities.

General Obligation Bonds: The debt service for general obligation bonds are payable from a separate ad valorem tax levy for the debt service fund. The Town’s outstanding governmental activities general obligation bonds at September 30, 2014, are summarized as follows:

General Obligation Bonds, Series 1997: On March 11, 1997, the voters of the Town approved the issuance of up to \$9,806,000 general obligation bonds for the purpose of financing the repair and redevelopment of the Town Hall, marina and other projects, and the construction of a new fire/medical facility and library addition. On August 7, 1997, the Town issued \$4,800,000 Town of Lake Park, Florida, General Obligation Bonds, Series 1997. Principal and interest at 4.96% are payable in semi-annual installments of \$189,725 on January 1 and July 1, commencing January 1, 1998, through maturity on July 1, 2017

The required debt service payments on the Series 1997 bond at September 30, 2014, are as follows:

<u>Year Ending September 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Amount</u>
2015	\$ 331,947	\$ 47,503	\$ 379,450
2016	348,616	30,834	379,450
2017	<u>358,066</u>	<u>13,327</u>	<u>371,393</u>
	<u>\$1,038,629</u>	<u>\$ 91,664</u>	<u>\$1,130,293</u>

General Obligation Bond, Series 1998: On November 17, 1998, the Town issued a \$5,000,000 Town of Lake Park, Florida, General Obligation Bond, Series 1998. This bond represents the second and final series of the bonds approved by the voters of the Town in a special referendum on March 11, 1997, for the purpose of financing the repair and redevelopment of the Town Hall, marina and other projects, and the construction of a new fire/medical facility and library addition. Principal and interest at 4.46% are payable in semi-annual installments of \$194,329 on January 1 and July 1, commencing July 1, 1999, through maturity on July 1, 2018.

	<u>\$1,406,127</u>	<u>\$144,609</u>	<u>\$1,550,736</u>

Revenue Bonds: The Town’s outstanding business-type activities revenue bonds at September 30, 2014, are summarized as follows:

Revenue Bonds, Series 2003A: On May 12, 2003, the Town entered into an agreement with the Florida Municipal Loan Council (the “Council”) to borrow funds for the construction of improvements at the Town’s marina. On May 16, 2003, the Council issued \$4,810,000 Florida Municipal Loan Council Revenue Bonds, Series 2003A, dated May 1, 2003, to finance the Town’s project and pay the costs of issuance for the bonds. The Town is required to meet certain minimum financial amounts, debt limitations and reporting requirements. Interest on the bonds is payable by the Town semi-annually on April 20 and October 20 and principal payments are due on April 20. Debt service on the bonds is payable from the net revenues of the marina operations, and all non-ad valorem revenues are pledged.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 8 – LONG-TERM LIABILITIES (Continued)

Promissory Notes: The Town's outstanding promissory notes payable at September 30, 2014, are summarized as follows:

Promissary Note, Series 2008A: On August 28, 2008, the Town executed a tax-exempt note in the principal amount of \$4,928,350 with the Bank of America. Loan proceeds are restricted to finance the settlement of the pension obligation to the Town of Lake Park Firefighters' Pension and for the construction of improvements in the marina. In addition, \$2,420,000 of the governmental loan proceeds were transferred to the CRA as a grant for the acquisition of property and for the construction of improvements within the Town's community redevelopment area in accordance with an interlocal agreement between the Town and the CRA executed on August 20, 2008. The agreement does not require the CRA to repay the grant from the Town; however, if the CRA makes a voluntary payment to the Town, the Town will use the payment to pay debt service on the note.

Non-ad valorem revenues of the Town secure the promissory note. The Town is required to meet certain minimum financial amounts, debt limitations and reporting requirements. The continued exclusion of interest on the Tax-Exempt Note from gross income for federal income tax purposes depends, in part, upon compliance with the arbitrage limitations imposed by Sections 103(b)(2) and 148 of the Internal Revenue Code. Interest on the note is payable by the Town semi-annually on April 1 and October 1 and principal payments are due on April 1 with a final maturity date of April 1, 2028. The note bears an annual interest rate of 3.67%, which is subject to adjustment upon the occurrence of a Determination of Taxability.

Amounts currently outstanding on the note are as follows:

<u>Purpose</u>	<u>Amount</u>
Governmental activities	\$ 2,656,640
Business-type activities	<u>533,906</u>
	<u>\$ 3,190,546</u>

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 9 – DEFERRED COMPENSATION PLAN ASSETS

Employees of the Town may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments).

The deferred compensation plan is available to all employees of the Town. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. A third party administers the deferred compensation plan.

In 1999, the Town Adopted GASB-32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. The Town modified its Deferred Compensation Plan to conform with the changes in the Internal Revenue Code brought about by the Small Business Job Protection Act of 1996 (the “Act”). The Act requires that eligible deferred compensation plans established and maintained by governmental employers be amended to provide that all assets of the plan be held in trust, or under one or more appropriate annuity contracts or custodial accounts, for the exclusive benefit of plan participants and their beneficiaries. As a result of this change, these plan assets are no longer property of the Town and will no longer be subject to the claims of the Town’s general creditors.

Because the Town has little administrative involvement and does not perform the investing function for funds in the Plan, the Town’s activities do not meet the criteria for inclusion in the fiduciary funds of a government.

NOTE 10 – PENSION PLANS

Defined Contribution Plan:

The General Employees Retirement Plan is a defined contribution pension plan established by the Town to provide benefits at retirement for all current employees. Defined contribution plans have terms that specify how contributions to an individual’s account are to be determined rather than the amount of pension benefits the individual is to receive. In a defined contribution plan, the pension benefits a participant will receive depend only on the amount contributed to the participant’s account, earnings on investments of these contributions, and forfeitures of other participants’ benefits that will be allocated to the participant’s account. The Town does not hold or administer resources of the Plan. Consequently, the Plan does not meet the requirements for inclusion in the Town’s financial statements as a fiduciary fund. The Plan does not issue a stand-alone financial report. Plan provisions are established and may be amended only by the Town Commission.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 10 – PENSION PLANS (Continued)

Defined Contribution Plan (Continued)

The Town is required to contribute 5% of the plan members' annual compensation and matches 50% of the employees' voluntary contributions under the deferred compensation plan, up to a maximum of 2.5% of participants' annual compensation. Total contributions for the year ended September 30, 2014, were \$114,403 by the Town and \$127,954 by the employees.

Vesting of the Town's contributions in the 401(a) plan commences after two years of service, with 20% vesting in year two and 20% each year thereafter until fully vested after six years. If an employee terminates before becoming fully vested, forfeited amounts will be reallocated to accounts of remaining participants as an additional employer contribution. Year of service begins upon an eligible employee successfully completing one year of service and having reached age 18. A year of service is a computation period during which an employee is credited with at least 1,000 hours of service.

Defined Benefit Plan

The Town administers one single employer defined benefit pension plan that covers no current Town employees. The Retired Police Officers' Pension Fund (RPOPF) covers certain police retirees. The plan was established by the Town and administered by a separate board of trustees. The Board of Trustees consist of five members, the Town Manager, the Town Finance Director, two plan participants and a Town Citizen appointed by the other four members. The plan does not issue stand-alone financial reports.

Basis of Accounting: All pension fund financial statements are prepared using the accrual basis of accounting. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments: Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Administrative Expenses: Liability for future non-investment related expenses is the present value of the future anticipated expenses over the remaining UAAL amortization period based on expenses paid in the year preceding the valuation date.

Investments Concentrations. There were no investments representing concentrations of 5% or more of net plan assets in investments that are not issued or guaranteed by the U.S. government.

Post-retirement Benefits: The Town offers continuation of health, dental, vision, and life insurance benefits to employees upon retirement. The cost of such benefits is paid by the retirees and the Town has no further liability for post-retirement benefits.

NOTE 10 – PENSION PLANS (Continued)

Defined Benefit Plans (Continued)

The Retired Police Officers' Pension Fund

Effective October 1, 2001, the Palm Beach County Sheriff's Office (PBSO) was contracted to provide police services for the Town in connection with the transfer of Town police services to the PBSO, the active plan members of the plan were terminated and eligible for a lump sum payout. Effective November 20, 2002, the Town terminated the Municipal Police Officers' Retirement Trust Fund and distributed lump sum payouts to the vested participants. On October 15, 2003, the Town established the Retired Police Officers' Pension Fund for the retirees covered by the original plan and transferred substantially all remaining assets of the original plan to the new plan in April 2004.

The plan is a substituted trust established on October 1, 2003 by Town Ordinance No. 13-2003 to provide the retired members of the previous defined benefit pension plan with the monthly retirement benefits that were accrued under the prior plan. Accordingly, the Retired Police Officers' Pension Fund covers only retirees and has no active plan members or employees of the Town that are eligible to participate and the provisions of the Retired Police Officers' Pension Fund as established by Town ordinance, do not address any provisions related to vesting, eligibility for retirement, future retirement benefits, other benefits, or employee contributions. Administrative expenses are financed as part of the unfunded actuarial accrued liability. The Town is required to contribute actuarially determined amounts sufficient to fund the plan. At October 1, 2014, the date of the latest actuarial valuation, the RPOPF included three service retirees and four disability retirees.

Asset Allocation. The plan's adopted asset allocation policy as of September 30, 2014, is as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
Equity	68%
Fixed Income	29
Cash	<u>3</u>
Total	<u>100%</u>

Rate of Return. For the year ended September 30, 2014, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 12.44 percent adjusted for the changing amounts actually invested.

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 10 – PENSION PLANS (Continued)

Defined Benefit Plans (Continued)

The Retired Police Officers' Pension Fund (Continued)

Net Pension Liability. The components of net pension liability of the Town on September 30, 2014 were as follows:

Total pension liability	\$ 1,734,025
Plan fiduciary net position	<u>(1,474,812)</u>
Town's net pension liability	<u>\$ 259,213</u>
Plan fiduciary net position as a percentage of total pension liability	<u>85.05%</u>

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of October 1, 2013 updated to September 30, 2014 using the following actuarial assumptions applied to the September 30, 2014, measurement period.

Inflation	<u>N/A</u>
Salary increases	N/A
Investment rate of return	7.50%
Mortality	RP-2000 Combined Healthy without projection (sex distinct) Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements. Disabled lives set forward five years.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2014, are summarized in the following table:

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 10 – PENSION PLANS (Continued)

Defined Benefit Plans (Continued)

The Retired Police Officers' Pension Fund (Continued)

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	4.88%
Fixed Income	0.57%
Cash	0.00%

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liabilities of the Town, calculated using the discount rates above, as well as what the Town's net pension liabilities would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
	6.50%	7.50%	8.50%
Town's net pension liability	<u>\$ 145,244</u>	<u>\$ 259,213</u>	<u>\$ (76,637)</u>

NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS

The Town implemented Governmental Accounting Standards Board Statement 45 (GASB 45), *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective October 1, 2009. The Town elected to implement prospectively, and the change in accounting principle had no effect on changes in net position/fund equity for prior periods. Retirees of the Town pay an amount equal to the actual premium for health insurance charged by the carrier, but there is an implied subsidy in the healthcare insurance premium for retirees because the premium charged for these retirees is the same as the premium charged for active employees, who are younger than retirees on average. This implied subsidy constitutes other postemployment benefits (OPEB) under GASB 45.

Plan Description

The Town provides a single employer defined benefit health care plan to all of its employees. The plan allows its employees and their beneficiaries, to continue to obtain health, dental, vision and life insurance benefits upon retirement. The normal retirement age of Town employees is age 65. The benefits of the plan are in accordance with Florida Statutes, which are the legal authority for the plan. The plan has no assets and does not issue a separate financial report.

Funding Policy

The Town does not directly make a contribution to the plan on behalf of retirees. Retirees and their beneficiaries pay the same group rates as are charged to the Town for active employees by its healthcare provider. However, the Town's actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits as an Employer Contribution, based upon an implicit rate subsidy. This offset equals the total age-adjusted costs paid by the Town or its active employees for coverage of the retirees and their dependents for the year net of the retiree's own payments for the year.

Annual OPEB Cost and Net OPEB Obligation

The annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer, an amount actuarially determined in accordance with GASB Statement No. 45. The annual required contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS (Continued)

The annual OPEB cost and the net OPEB obligation for the Town for the current year and the related information is as follows:

Required contribution rates:	
Employer	Pay-as-you-go
Plan members	N/A
Normal cost	\$ 11,067
Interest on normal cost	498
Amortization	5,156
Interest on amortization	<u>232</u>
Annual required contribution	16,953
Interest on net unfunded OPEB obligation	2,121
Adjustment to annual required contribution	<u>(2,446)</u>
Annual OPEB cost	16,628
Contributions made	<u>(8,040)</u>
Increase in net OPEB obligation	8,588
Net OPEB obligation October 1, 2013	<u>47,142</u>
Net OPEB obligation September 30, 2014	<u>\$ 55,730</u>

Trend Information

Three-Year Trend Information			
Fiscal Year End	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
09/30/12	\$21,982	38.2%	\$ 38,923
09/30/13	\$16,259	49.5%	\$ 47,142
09/30/14	\$16,628	48.4%	\$ 55,730

Funded Status

The funded status of the plan as of most recent actuarial valuation date was as follows:

Actuarial valuation date	10/01/2012
Actuarial accrued liability	\$ 81,779
Actuarial value of plan assets	\$
Unfunded actuarial accrued liability (UAAL)	\$ 81,779
Funded ratio	0.0%
Covered payroll	\$ 11,760
UAAL as a percentage of covered payroll	4.1%

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are comparable with past expectations and new estimates are made about the future. The schedule of funding progress presented as required supplementary information following the notes to the financial statements, will present multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Because the fiscal year ended September 30, 2010, was the year of implementation of GASB 45 and actuarial valuations are only required every three years, only two years are presented in the schedule at this time. In future years, required trend data will be presented. The Town has not contributed assets to the plan at this time.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and includes the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the Town and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Actuarial valuation date	10/01/2012
Actuarial cost method	Entry Age Normal
Amortization method	Level percent of payroll, closed
Remaining amortization period	26 years
Asset valuation method	Unfunded
Actual assumptions:	
Investment rate of return	4.5%
Healthcare cost trend	8.5% for 2013 decreasing to 4.5% in 2017

NOTE 12 – JOINTLY GOVERNED ORGANIZATION

The Town, through an interlocal agreement with certain other municipalities and Palm Beach County, created the Seacoast Utility Authority (“Seacoast”) which provides water and sewer service to the citizens of each of the participating municipalities and a portion of Palm Beach County. Seacoast’s governing board is comprised of one member from each participating entity. Seacoast is an Independent Authority organized under the laws of the State of Florida, and the Town has no participating equity ownership in Seacoast. The Town paid \$65,674 to Seacoast during the fiscal year for water and sewer service.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 13 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance through the Florida League of Cities, Inc., a statewide commercial insurance program. The policy for comprehensive property, casualty and liability insurance provides coverage with a deductible of \$5,000 for property and casualty and \$25,000 for liability claims per occurrence, with a combined annual cap of \$2 million. The Town does not retain any risk of loss under this policy.

Florida Statutes limit the Town's maximum loss for most liability claims to \$200,000 per person and \$300,000 per occurrence under the Doctrine of Sovereign Immunity. However, under certain circumstances, a plaintiff can seek to recover damages in excess of statutory limits by introducing a claims bill to the Florida Legislature. The limits addressed in Florida Statutes do not apply to claims filed in Federal courts. There have been no significant reductions in insurance coverage in the prior year. No settlements exceeded insurance coverage for the past three years.

The Town has established a risk management program for workers' compensation where premiums are paid from each department to the Florida League of Cities who fully insures all claims to a statutory level. The Town does not retain any risk of loss under this policy. There were no significant reductions in insurance coverage from the prior year. The amount of insurance settlements has not exceeded the Town's insurance coverage in any of the prior three fiscal years.

The Town currently reports all of its risk management activities in the Insurance Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies, principally Palm Beach County, the U.S. Department of Housing and Urban Development and the State of Florida. Any disallowed claims, including amounts already received, might constitute a liability of the Town for the return of those funds.

Litigation

The Town is a defendant in various lawsuits arising in the ordinary course of normal operations. Although the ultimate outcome of some of these lawsuits cannot be determined at the present time, it is the opinion of legal counsel that the likelihood of unfavorable outcome and the amounts of potential losses cannot be reasonably determined for all claims at this time.

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 14 - RELATED PARTY TRANSACTIONS – ENTERPRISE FUNDS

The General Fund provides the other funds with various management services. Administrative costs totaling \$51,176 for the CRA fund, \$106,325 for the Sanitation fund, and \$71,074 for the Stormwater Utility fund were charged for 2014.

NOTE 15 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

In governmental accounting, interfund loans are reported as interfund receivables in lender funds and interfund payables in borrower funds. There is no net effect in the governmental-wide financial statements. The current portion of the interfund loan is reported in the governmental funds as Due to and Due from other funds and the non-current portion is reported as Advance to and Advance from other funds. The composition of interfund balances at September 30, 2014, is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Due to/from</u>	<u>Advance</u>	<u>Total</u>
General Fund	CRA Fund	\$ 52,781	\$ 348,528	\$ 401,309
	Nonmajor			
General Fund	Governmental	8,072		8,072
	Nonmajor			
General Fund	Enterprise	2,500		2,500
General Fund	Sanitation Fund	451,000		451,000
Internal Service	Marina Fund	200,000		200,000
Nonmajor	Nonmajor			
Governmental	Enterprise	14,458		14,458
Nonmajor				
Enterprise	Marina Fund	250,000		250,000
Marina Fund	Sanitation Fund	65,000		65,000
Marina Fund	General Fund	426,500		426,500

The payable to the General Fund from the CRA Fund of \$401,309 was for the purpose of land acquisitions and improvements in the CRA.

All other payables and receivables were for cash flow purposes.

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 15 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Continued)

Interfund transfers during the year ended September 30, 2014, are as follows:

Fund	Transfers in	Transfers out
General Fund	\$ 208,055	
CRA Fund		\$ 208,055
General Fund	100,008	
Nonmajor Governmental		100,008
General Fund	51,300	
Nonmajor Enterprise		51,300
General Fund	200,000	
Sanitation Fund		200,000
CRA Fund	287,535	
General Fund		287,535
Marina Fund	51,880	
General Fund		51,880

The transfer of \$208,055 from the CRA Fund to the General Fund was for principal and interest payments that the CRA Fund agreed to reimburse the General Fund if the CRA Fund has sufficient available resources.

The transfer of \$287,543 from the General Fund to the CRA Fund was for the 2014 incremental tax obligation.

The transfer to the Marina Fund from the General Fund was an operating transfer to offset the revenue lost from lowering slip fees to boost occupancy in the Marina.

The transfers were also used to reimburse the General Fund for shared administrative costs and make payment in lieu of taxes.

NOTE 16 – INTER-LOCAL AGREEMENTS

Fire Protection and Emergency Medical Services

On June 5, 2002, the Town and Palm Beach County entered into an agreement for fire protection and emergency medical services beginning July 29, 2002. The agreement expired on October 1, 2009, and was renewed for an additional seven year term. The contract price for the services under the agreement each year is calculated by multiplying the Town’s current taxable property value times the millage rate for the Fire Rescue MSTU as adopted by the Board of County Commissioners. For the period from October 1, 2014 thru September 30, 2015, the Town will pay \$1,660,704 in equal monthly installments.

**TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 16 – INTER-LOCAL AGREEMENTS (Continued)

Palm Beach County Sheriff's Office Inter-local Agreement

On April 11, 2006, the Town and the Palm Beach County Sheriff's Office entered into an agreement for law enforcement services beginning October 1, 2005. The tenth addendum to the contract extended the term of service from October 1, 2014, thru September 30, 2015, and the Town will pay \$2,648,850 in equal monthly installments.

NOTE 17 – PRIOR PERIOD ADJUSTMENT

As discussed in Note 18, the Town implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* during the current fiscal year. The cumulative effect of applying GASB 65 has been reported as a restatement of the beginning net position of the Business-type activities on the entity-wide financial statements and of the Marina Fund and the Nonmajor Enterprise Fund at the fund level statements . A reconciliation of the prior period ending net position to the current period beginning net positions is as follows.

	<u>Business-type Activities</u>	<u>Marina Fund</u>	<u>Nonmajor Enterprise Fund</u>
Balance at September 30, 2013, as reported	\$ 5,670,809	\$ 4,911,951	\$ 651,147
Adjustment to write-off loan issuance costs	<u>(86,319)</u>	<u>(75,808)</u>	<u>(10,511)</u>
Balance at September 30, 2013, as restated	<u>\$ 5,584,490</u>	<u>\$ 4,836,143</u>	<u>\$ 640,636</u>

Adoption of this new accounting principle had no effect on the change in net position for the current year.

NOTE 18 – ACCOUNTING CHANGES

The Town implemented the following GASB Statements during the fiscal year ended September 30, 2014:

In March 2012, the GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. GASB 65 establishes accounting and financial reporting standards that reclassify as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities. The cumulative effect of applying this statement is required to be reported as a restatement of beginning net position. See Note 17.

TOWN OF LAKE PARK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

NOTE 18 – ACCOUNTING CHANGE (Continued)

In June 2012, the GASB issued Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement 25*. GASB 67 improves financial reporting by state and local governmental pension plans primarily through enhanced note disclosures and schedules of required supplementary information.

NOTE 19 – NEW ACCOUNTING STANDARDS

Below is a brief description and effective date of new accounting standards that could have a significant impact on the Town. Management is currently evaluating the impact of the adoption of these statements on the Town's financial statements.

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement 27*. GASB 68 improves financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This statement is effective for the fiscal year ending September 30, 2015.

In November 2013, the GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. This Statement amends paragraph 137 of GASB 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The provisions of this Statement are required to be applied simultaneously with the provisions of GASB 68.

**TOWN OF LAKE PARK
REQUIRED SUPPLEMENTARY INFORMATION
NOTES TO BUDGETARY COMPARISON SCHEDULES
SEPTEMBER 30, 2014**

NOTE A - BUDGETARY ACCOUNTING

An appropriated budget has been legally adopted for the General Fund and Community Redevelopment Fund on the same modified-accrual basis used to reflect revenue and expenditures.

The Town follows these procedures in establishing the annual budget:

1. Prior to September 1, the Town Manager submits to the Town Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted at the Town Hall to obtain taxpayer comments.
3. The Town advises the Palm Beach County Tax Collector's office of the proposed millage rate, the rolled back millage rate and the day, time and place of the public hearing for budget acceptance.
4. A public hearing is held to obtain taxpayer input and to adopt the final budget and millage rate.
5. A final operating budget and related millage rates are legally enacted through the passage of a resolution.
6. Changes or amendments to the total budgeted expenditures of the must be approved by the Town Commission. Accordingly, the legal level of control is at the fund level.
7. All unencumbered balances lapse at the end of each fiscal year.

TOWN OF LAKE PARK
NOTES TO BUDGETARY COMPARISON SCHEDULES
SEPTEMBER 30, 2014

NOTE A - BUDGETARY ACCOUNTING (Continued)

The reported budgetary data represents the final appropriated budget after amendments adopted by the Town Commission. An appropriated budget is legally required and has been legally adopted for the General Fund, Community Redevelopment Special Revenue Fund, Debt Service Fund, Streets and Roads Special Revenue Fund, and the Insurance Internal Service Fund on the same modified-accrual basis used to reflect actual revenues and expenditures. The operations of the Town's other funds are non-budgeted financial activities, which are not legally required to adopt budgets. Budgetary comparison schedules for the Debt Service Fund and Streets and Roads Special Revenue Fund, non-major funds, and the Insurance Internal Service Fund, a proprietary fund, are not required to be presented and may be found in Other Supplementary Information.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to assign that portion of the applicable appropriations, is employed as an extension of formal budgetary control in the General Fund. There were no encumbrances outstanding at year end.

NOTE B – EXPENDITURES OVER APPROPRIATIONS

There were no expenditures in excess of appropriations.

Property Tax Levies and Collections	102

Debt Capacity

These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.

Ratios of Outstanding Debt by Type	103
Ratios of General Bonded Debt Outstanding	105
Direct and Overlapping Governmental Activities Debt	106
Pledged-Revenue Coverage	107

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place.

Demographic and Economic Statistics	108
Principal Employers	109

Operating Information

These schedules contain service and infrastructure data to help understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.

Full-Time Equivalent Town Government Employees by Function	110
Operating Indicators by Function/Program	111
Capital Asset Statistics by Function/Program	112

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

- (1) Overlapping rates are those of local and county governments that apply to property owners within the Town of Lake Park. Not all overlapping rates apply to all Town property owners (i.e. The rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district.)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and Members of the Town Commission
Town of Lake Park, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Lake Park, Florida, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the Town of Lake Park, Florida's basic financial statements and have issued our report thereon dated June 12, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Lake Park, Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Lake Park, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Lake Park, Florida's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we identified a deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described below to be a material weakness.

Finding 2013-1 Written Accounting Procedures Manual

Condition

In the prior year the Town prepared an accounting policy manual.. However, there is not a detailed written accounting procedures manual. Written procedures, instructions, and assignments of duties will prevent or reduce misunderstandings, errors, inefficiencies, duplicated or omitted procedures, and other situations that can result in inaccurate or untimely accounting records. A well-devised accounting manual can also help to ensure that all similar transactions are treated consistently, that accounting principles used are proper, and that records are produced in the form desired by management. A good accounting manual should aid in the training of new employees and provide continuity when experienced employees leave. Although developing the manual will take some time and effort, we believe this time will be more than offset by time saved later in training and supervising accounting personnel. Also, in the process of the comprehensive review of existing accounting procedures for the purpose of developing the manual, management might discover procedures that can be eliminated or improved to make the system more efficient and effective.

Effect

In the current year's audit, we noted that bank reconciliations were not being timely prepared and reviewed and accounts receivable balances and related allowances for uncollectable accounts were not being timely reconciled and adjusted.

Recommendation

We recommend that the Town establish written monthly and year-end closing procedures, which should include deadlines and supervisory review of the procedures performed. We also recommend that the Town continue work on the accounting procedures manual.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Lake Park, Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Lake Park, Florida's Response to Findings

Town of Lake Park, Florida's response to the finding identified in our audit is described in the attached letter dated June 12, 2015. Town of Lake Park, Florida's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor and Members of the Town Commission
Town of Lake Park, Florida

Report on the Financial Statements

We have audited the financial statements of the Town of Lake Park, Florida, as of and for the year ended September 30, 2014, and have issued our report thereon dated June 12, 2015.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 12, 2015, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Finding 2013-1 *Written Accounting Procedures Manual* still applies in the current year.

The following prior year comment was in the prior two years' reports and still applies in the current year.

2011-2 Financial Condition Assessment Procedures

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Town's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provide by management. Our assessment was done as of the fiscal year end.

Based on our procedures, we noted the following items that lead us to believe the Town is in a deteriorating financial condition. The Marina Fund had an operating loss of \$323,256 for the year. Excluding depreciation expense, the fund has had operating losses for five out of the last six years. One of the primary causes of this is due to decreased occupancy and increased expenses caused by construction deficiencies in the renovation of the Marina. In addition, the CRA fund balance has decreased from \$3,569,781 in fiscal year 2008 to a deficit of \$175,829 for the current fiscal year. This was caused by increased expenditures and drops in the incremental tax revenues over the years.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Annual Financial Report

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we report the results of our determination as to whether the annual financial report for the Town of Lake Park, Florida for the fiscal year ended September 30, 2014, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2014. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d., Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes.

In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the Management Letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Single Audits

The Town expended less than \$500,000 of federal awards and less than \$500,000 of state financial assistance for the year ended September 30, 2014, and was not required to have a federal single audit or a state single audit.

Response to Management Letter

The Town of Lake Park, Florida's responses to the findings identified in our audit are described in the attached letter dated June 12, 2015. We did not audit Town of Lake Park, Florida's responses and, accordingly, we express no opinion on them.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and state awarding agencies and pass-through agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Mayor and Members of the Town Commission
Town of Lake Park, Florida

We have examined the Town of Lake Park, Florida's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2014. Management is responsible for the Town of Lake Park, Florida's compliance with those requirements. Our responsibility is to express an opinion on the Town of Lake Park, Florida's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Town of Lake Park, Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Town of Lake Park, Florida's compliance with specified requirements.

In our opinion, the Town of Lake Park, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2014.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representative, the Florida Auditor General, applicable management, and the Town Commission, and is not intended to be and should not be used by anyone other than these specified parties.

The Honorable Mayor, Vice-Mayor,
Town Commissions and Town Manager

RE: Response to the Report on Internal Control and the
Management Letter required by the Rules of the
Auditor General for the State of Florida for the Fiscal
Year ended September 30, 2014.

REPORT ON INTERNAL CONTROLS

2013-1: Written Accounting Procedure Manual

We appreciate that the Town's external auditor noted that a policy manual was prepared. We recognize that a detailed manual is important towards the safeguarding of the Town's assets. Additionally the timely analyses of the Town's internal financial statements are similarly important. Steps are being taken to insure that the detailed manual is created and that monthly financial statements are prepared for the current fiscal year.

MANAGEMENT LETTER

2011-2 Financial Condition Assessment Procedures

As reported in the Management Letter the Town continues to remain in a deteriorating financial condition. While property values did begin to improve for the second year, the prior five years of significant losses in property values has left the Town vulnerable to rising costs for required services. For the fiscal year in question, the remaining resources have only been able to cover a limited number of the Town's improvements and basic needs. It is unlikely that the financial condition will significantly improve based solely upon an increased tax rate or increases in various fees for services; therefore the Town will have to continue to be as frugal as it can be in its spending on capital improvements and services, and wait for an significant improvement in the economy with a resultant recovery of property values.

www.lakeparkflorida.gov

Specifically, it is expected to take the Marina Fund several more years to overcome the financial challenges it faces, even with the progress that has been made through price cutting, advertising, and promotion. The Marina is making progress as occupancy rates have significantly increased as prices were reduced, and the seawall restoration project was started in the fiscal year, but the Marina's challenges are long lasting which include substantial operating expenses and heavy debt load that extends until 2028 and 2033, combined with its borrowings from other Town funds. Finally, the Community Redevelopment Agency (CRA) has seen only minor redevelopment within its geographical boundaries within the last five years and it is unlikely that its financial condition will improve until general economic conditions significantly improve or outside developers begin to invest in major projects within the Town.

Should you have any questions or concerns about the above response, please contact me directly.

Sincerely,

A handwritten signature in blue ink, appearing to read "Blake K. Rane", with a long horizontal flourish extending to the right.
